

Year-Round Style and Comfort

- Z2271** Tall CL Replacement Screen, Clear
- Z2270** Chopped CL Replacement Screen, Dark Tint
- Z2770** Fairing Lower, Dark Tint

ZTechnik has created two American classic touring windscreens for the R 1200 CL. The Z2271 has a traditional contour shape, and is much taller than the stock 13" windscreen for the taller rider. The chopped dark tint model, Z2270, adds a sporty edge to the "big CL" cruiser. The matching dark tint Fairing Lower complete the sporty look.

The Z2270 and Z2271 employ 4.5mm Lexan® polycarbonate with FMR hardcoating for unparalleled scratch resistance. Each shield is cut, edge contoured, and formed for superior optics and great looks.

Z2271 H: 17.00" (43.2cm)
4.5mm FMR coated Lexan® polycarbonate; Clear

Z2270 H: 08.00" (20.3cm)
4.5mm FMR coated Lexan® polycarbonate; Dark Tint

Z2770 Dark Tint Fairing Lower replace the stock fairing lowers. Lower is made from HIA (high impact acrylic) material and are color matched to the ZTechnik Z2270 Windscreen.

Application	Z2270	Z2271	Z2770

Gorgeous Sound in Gleaming Chrome

- Z4010** Chrome Exhaust System for R 1200 C/CL
- Z9101** Chrome Drive Shaft Cover for R 1200 C/CL

The Z4010 Chrome Exhaust System makes your R 1200 C/CL sound like the pavement pounder it truly is. With improved torque, horsepower, and streetability, the gorgeous chrome is just icing on the cake.

The Z4010 exhaust tips can be easily rotated to get the look you want. Choose the slash-down appearance (shown at right) or a traditional bologna cut end style (below).

Now accent your ZTechnik Chrome Exhaust System with our Chrome Drive Shaft Cover Kit.

The Z9101 Drive Shaft Cover Kit is two items in one: A great looking replacement for the stock brake hose cover and a slick cover-up for the drive shaft. Both are easily installed to the existing mount points.

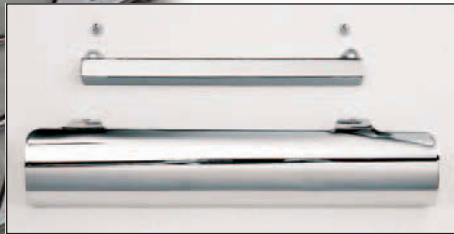

Z4010

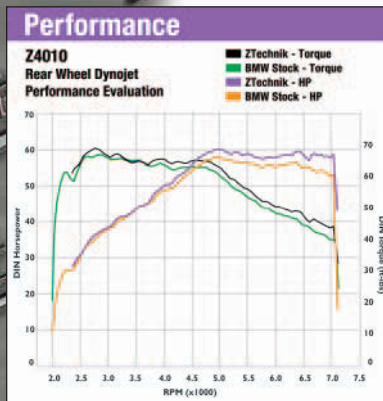

Z4010

Your Engine Warranty Remains Valid When You Step Up to a ZTechnik Exhaust System!

The Z9101 Kit includes a Chrome Drive Shaft Cover, Chrome Hose Cover, and Chrome Cap Nuts.

A Touch of Sophistication

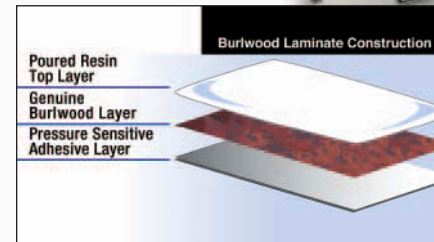

Z8671, Z8771

- Z8671** Burlwood Gauge Panel for R 1200 CL/CLC
- Z8771** Burlwood Radio Panel for R 1200 CL/CLC
- Z8672** Carbon Fiber Gauge Panel for R 1200 CL/CLC
- Z8772** Carbon Fiber Radio Panel for R 1200 CL/CLC

Add the dark, rich luster of Burlwood to the dash and radio panels of your R 1200 CL/CLC. Genuine Burlwood is protected by a durable poured resin topcoat to set off the rich texture. A ZTechnik exclusive, each piece is precision-cut with radius edges for a smooth fit onto the panels of the R 1200 CL/CLC.

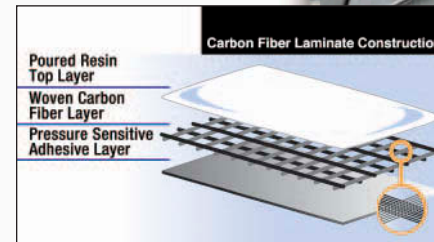

If you like the look of Carbon Fiber, ZTechnik's new trim panels for the R 1200 CL/CLC won't disappoint you. Genuine carbon fiber cloth comes alive under a crystal clear, poured resin topcoat. And ZTechnik's close attention to precision fit will ensure easy installation onto your bike.

The burlwood or carbon fiber piece is first cut to shape. Afterward, a clear resin is carefully applied so that the entire perimeter has a smooth, radius edge.

ZTechnik products achieve a fluid transition to the contact surface of the motorcycle at all edges. This is especially noticeable around each indicator light.

A pressure sensitive adhesive backing is applied that securely, but safely, attaches the piece to the motorcycle.

Freedom to Travel... Anywhere

- Z1001** Cruiseline™ Saddlebags (U.S.A. DOT Red Reflector)
- Z1003** Cruiseline™ Saddlebags (European Amber Reflector)
- Z5001** Cruiseline™ Saddlebag Mount Kit
- N1350** Cruiseline™ Inner Duffel Bags

Whether packing for a few days or a few weeks, Cruiseline saddlebags are the affordable solution for a set of hard luggage. Formed from a plastic polymer that provides the right combination of strength and rigidity, these bags will not crack like fiberglass, or craze like ABS bags. These bags feature keylock access and quick-release internal fasteners.

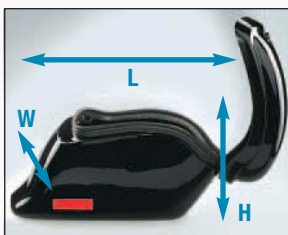

Cruiseline mount kits and saddlebags are easy to install and will give you years of practical and reliable service.

Now, practicality gets practically perfect with our new Inner Duffels for our Cruiseline saddlebags.

The interior duffels are stitched to shape so they fit easily into the compartment of the hard bags with room to spare. The well-constructed duffels are made from 600 denier polyester with a waterproof coating. A two-way zipper allows easy access in and out of the bags. Sturdy nylon web handles make it easy to remove and carry your items without removing the Cruiseline saddlebags from your bike.

Shown above with custom paint. Bags are available in gloss black.

Size
 L: 24.50" (62.3cm)
 H: 14.00" (35.5cm)
 W: 7.50" (19.0cm)

Volume
 22 liters each

Material
 Molded from an extremely durable polymer blend. Primed and painted gloss black.

Our keylockable Cruiseline saddlebags unlatch with one hand, and open wide for easy loading and unloading. Quick release is possible thanks to special quarter turn fasteners.

Ride in Comfort, Quality and Style

Z9070

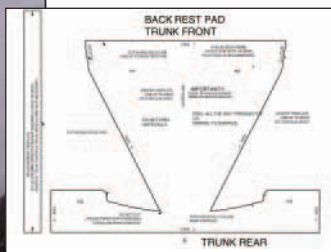

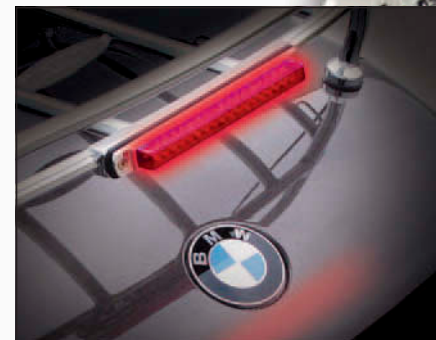

Z9070 Trunk Rack with LED Light for R 1200 CL/CLC

The ZTechnik Trunk Rack is an elegant and functional addition to your R 1200 CL/CLC.

The brightly polished chrome Trunk Rack lets you pack for the long haul. With brazed heavy gauge steel tube construction, superb chrome plating, and integrated bungee hangers for securing your gear, the ZTechnik Trunk Rack is ready for your next trek.

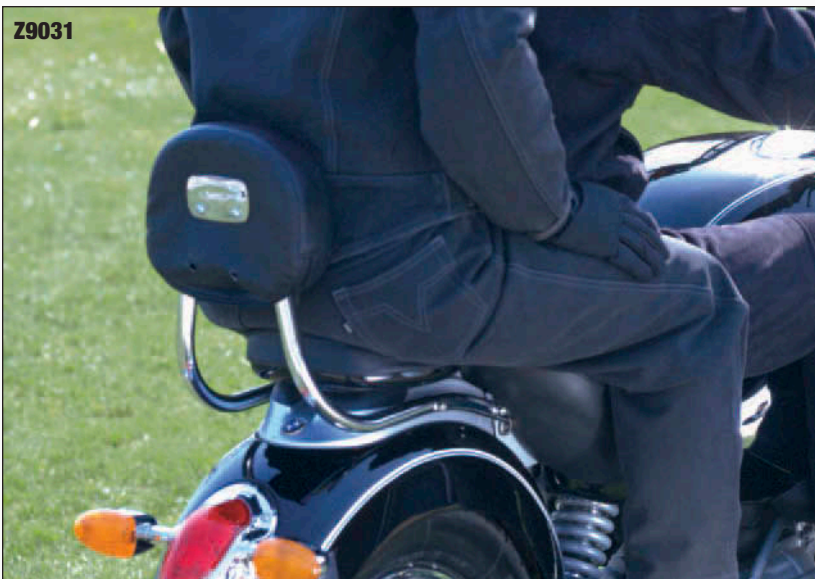

Weight Capacity: 5 lbs. (2.25 kg).

An easy to use drilling template is provided for foolproof installation of the Z9070 Trunk Rack.

A bright, LED brake light comes pre-wired with a BMW wiring coupler.

Z9031

Z9031 Backrest for R 1200 C

With the Z9031 Backrest, your passenger will enjoy the trip as much as you do, whether it's a trip across town or across the country. This stylish padded backrest offers welcome support and real comfort to your passenger.

The Z9031 Backrest replaces the original factory grab rail.

Z8002 Chrome Hose Cover for R 1200 C/GL

ZTechnik Chrome Hose Covers are perfect for the rider who really takes pride in the details.

The Z8002 Chrome Clutch Hose Cover and Brake Hose Cover mount easily with a set screw.

Z9510 Chrome Gauge Housing for R 1200 C

Add a BMW tachometer and clock to your R 1200 C. This beautifully sculpted, cast metal piece has a lustrous chrome finish for striking looks on your bike.

The Z9510 mounts easily to existing screw locations on the motorcycle. And the Z9510 is compatible with all R 1200 C windshields except the Z2301 Speedster Windshield.

BMW clock and tachometer part numbers required for installation to Z9510 Gauge Housing:

61-13-2-306-612 Tachometer	62-13-2-306-582 Black Ring Housing, Qty. 2

The Perfect Finishing Touch

- Z3170** Fender Tip; Front of Front for R 1200 CL/CLC
- Z3171** Fender Tip; Rear of Front for R 1200 CL/CLC
- Z3172** Fender Tip; Rear for R 1200 CL/CLC
- Z3101** Fender Tip Set for R 1200 C

There is no better value in an accessory than these cast ZTechnik Fender Tips. They protect your fender edges and lend a classic cruiser appearance to your R 1200 C/CL. Three fender tips are available, each sold separately.

Z3170 Fender Tip mounts with a 3M® brand industrial tape which provides a clean, secure installation.

Z3171 and Z3172 Fender Tips install with counter-sunk screws.

For the rest of the R 1200/850 C family, our Z3101 Fender Tip Set (front of front fender and rear of front fender) adds a stylish touch of class. Each piece mounts with 3M® brand industrial tape, which provides a clean, secure installation.

Hot Metal Casting: This time-honored method of pouring hot metal into a mold enables us to create complex and dimensional designs.
